WHAT WILL WAR WITH IRAQ ACCOMPLISH? A MILLION NEW TERRORISTS

Why is the Bush administration trying to scare us into war?

THEY TELL US

1. Saddam Hussein was involved in 9/11.
2. Iraq has weapons of mass destruction and may be developing nuclear weapons.
3. We can liberate the Iraqi people.
4. We'll get rid of Saddam Hussein.

THE FACTS

1. There is not one shred of evidence of any 9/11 involvement by Iraq.
2. Former Nat'l Security Advisor Gen. Brent Scowcroft said "the administration has not shown that Iraq poses an urgent threat to the U.S.)* Past and present Chief U.N. Weapons Inspectors, Scott Ritter and Hans Blix, say "there is no evidence that Hussein has weapons of mass destruction or is trying to build them."
3. Bombing Baghdad, a city of 5 million people, will not liberate them. It will kill them.
4. Saddam is another brutal dictator but we don't know how to get him any more than we know how to get Osama Bin Laden.

DO THEY WANT WAR BECAUSE...

War will take our minds off the bad economy
 Distract us from the health care meltdown
 the raids on social security
 the assaults on the environment
 the corporate scandals
 We won't notice the loss of our civil liberties
 And
 Wartime presidents get re-elected

STOP THE WAR WITH IRAQ BEFORE IT STARTS.
